

Leadership Douglas County (LDC), a program of the Castle Rock Chamber Foundation, is committed to ensuring the continuity of knowledgeable and effective leadership in Douglas County. Established in 1999, **LDC** was created to ensure our community would continue to identify, educate, and motivate current and emerging leaders to improve Douglas County through personal and collective commitment.

For the participant, LDC will:

- Offer rigorous and relevant learning, with the opportunity to apply new knowledge and skills
- Broaden participants' knowledge of the community as a whole
- Challenge participants to examine their leadership style, values, and impact
- Increase the strength and effectiveness of our community leaders
- Equip participants to respond to the challenges of the community today and into the future
- Provide opportunities for direct contact with influential people, businesses, and service organizations

Session topics throughout the year include History, Open Space, Healthcare, Aging, Social Services, Civic Engagement, Education, Economic Development, Transportation, Law Enforcement, Fire and Emergency Services, Public Safety, Arts and Culture, Media, along with team-building elements and skills training throughout.

Class days are held at various locations throughout Douglas County. Some months will involve traveling throughout the day via your own transportation or carpooling with classmates.

Group Project – LDC participants will complete a significant group project, determined by the class, outside of class hours.
